

March 16, 2020

Due to the current issues, if you have not yet had your tax return processed, please be aware that you could provide the information to us by fax, email or US Post Office ahead of your scheduled appointment. You can then call us at the scheduled time and we can review together.

We would need the information to us at least two business days ahead of your scheduled appointment to allow us to input and e-mail you the tax returns to provide you time to review and come up with any questions or concerns you may have.

If you do not have an appointment, please feel free to get us the information and your contact information and we will contact you as we complete it or with any questions.

Be well,
